

**REMARKS**

Entry of this Amendment in supplement to the Amendment filed on May 5, 2004 is respectfully requested.

By the present Amendment, a minor correction has been made to claim 22 to add the phrase "and the pixel driving voltage" at the end of the last paragraph of claim 22. As such, the last paragraph of claim 22 now more specifically defines that the pixel turn on period decision means determines the ON period and the OFF period according to the display signal voltage and the pixel driving voltage. This is described; for example, on page 16, lines 15-26 of the Specification, and serves to further define the invention over the cited prior art. Therefore, entry of this Amendment, in supplement to the Amendment filed on May 5, 2004, is respectfully requested.

If the Examiner believes that there are any other points which may be clarified or otherwise disposed of either by telephone discussion or by personal interview, the Examiner is invited to contact Applicants' undersigned attorney at the number indicated below.
